

SUNVISION SWEET CO., LTD.

Chemical Park Area, Dongdu Town, Xintai City, Shandong P.R. China

Safety Data Sheet

Sucralose

1. Material Identification

Trade Name: Sucralose

Brand: Sunvision

Synonyms: S TGS; Trichlorogalactosucrose

Company name: Sunvision Sweet Co., Ltd

Company's address: Chemical Park Area, Dongdu Town, Xintai City, Shandong P.R.China,27122

Emergency Telephone:+86-538-7382888

Fax:+86-538-7382888

2. Composition/Information on ingredients

CAS # 56038-13-2

Chemical Name: 1,6-Dichloro-1,6-dideoxy- β -D-fructofuranosyl-4-chloro-4-deoxy- α -D-galactopyranoside

Chemical family: Chlorinated Carbohydrate

Molecular Formula: C₁₂H₁₉O₈CL₃

Molecular weight: 379,63g/mol

3. Hazards Identification

3.1 :Classification of the substance or mixture

Not a hazardous substance or mixture according to Regulation (EC) No 1272/2008

Not a hazardous substance or mixture according to EC-directives 67/548/EEC or 1999/45/EC.

3.2:Label elements

The product does not need to be labelled in accordance with EC directives or respective national laws.

3.3:Other hazards - none

4. Emergency and First Aid Procedures on Exposure

No special treatment under ordinary circumstances. Use good personal hygiene - wash thoroughly after handling.

If redness or irritation develops, contact a physician.

Eyes: No special treatment under normal circumstances. Flush skin with plenty of water.

Skin: No special treatment under normal circumstances. Flush skin with plenty of water.

Ingestion: No special treatment under normal circumstances.

Inhalation: No special treatment under normal circumstances. Remove from exposure and move to fresh air immediately.

Notes to Physician: Sucralose is safe for human consumption based on extensive toxicological studies. Material is an intensely sweet, crystalline powder. Exposure to high airborne concentration may cause mild respiratory irritation.

5 . Fire fighting measures

Fire fighting measures: Stable under normal conditions. Dust Hazard Classification (NFPA-68) Is St-2, the formation of flammable/explosive air/dust mixtures is possible. Appropriate measures should be employed to minimize the potential for dust concentrations in the flammable range. It is recommended that all dust control equipment and material transport systems involved are engineered to prevent conditions contributing to dust explosions.

Flammable Properties: Stable under normal conditions. Sucralose, when heated at elevated temperatures, may break down with the release of carbon dioxide, carbon monoxide and minor amounts of hydrogen chloride. Heavy concentrations

SUNVISION SWEET CO., LTD.

Chemical Park Area, Dongdu Town, Xintai City, Shandong P.R. China

of sucralose dust may create conditions contributing to dust explosions.

Fire and Explosion Hazards: Minimum spark ignition energy 0.04Joules

Minimum ignition temperature 390 °C

Minimum explosion concentration for dust 16.5g/M (similar to a dense fog)

Extinguishing Media: Use any media which is suitable for the surrounding fire

Fire Fighting Instructions: Wear self-contained breathing apparatus and full protective gear.

6. : Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Avoid dust formation. Avoid breathing vapours, mist or gas.

For personal protection see section 8.

6.2 Environmental precautions

Do not let product enter drains.

6.3 Methods and materials for containment and cleaning up

Sweep up and shovel. Keep in suitable, closed containers for disposal.

6.4 Reference to other sections

For disposal see section 13.

7. Handling and Storage

Handling: Avoid creating dusty conditions. While no special respiratory protection is required, a dust mask, gloves and other good industrial hygiene practices to minimize worker exposure will result in a more comfortable work environment.

Storage: Store in a cool dry area in manufacturer' s supplied packaging.

8. Exposure controls, personal protection

Engineering Controls: It is recommended that all dust control equipment and material transport systems involved are engineered to prevent conditions contributing to dust explosions.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

Skin Protection: Wear appropriate protective gloves to prevent skin exposure.

Respiratory Protection: While no special respiratory protection is required, a dust mask, gloves and other good industrial hygiene practices to minimize worker exposure will result in a more comfortable work environment.

Other/General Protection: Use good industrial hygiene practices

9. Physical and chemical properties

Appearance: White to off-white, fine powder

Odor: Practically odourless

Odor Threshold: Not available

pH: Neutral in aqueous solution

SUNVISION SWEET CO., LTD.

Chemical Park Area, Dongdu Town, Xintai City, Shandong P.R. China

Vapor Pressure: < 1 mmHg
Viscosity: Not available.
Boiling Point: Not available.
Melting Point: 130°C with Decomposition
Solubility in water: Complete 30% w/v at 25°C
Molecular Formula: C₁₂H₁₉CL₃O₈
Molecular Weight: 397.64
Flash point: no data available
Evaporation rate: no data available
Flammability :(solid, gas) no data available
Upper/lower: no data available
flammability or explosive limits
Vapour pressure: no data available
Vapour density: no data available
Relative density:no data available
Water solubility: no data available
Partition coefficient n-octanol/water: no data available
Auto-ignition temperature: no data available
Decomposition temperature: no data available
Viscosity: no data available
Explosive properties: no data available
Oxidizing properties: no data available

10: Stability and reactivity

Chemical Stability: Stable under normal temperatures and pressures. Sucralose, when heated at elevated temperatures, may break down with the release of carbon dioxide, carbon monoxide and minor amounts of hydrogen chloride.

Conditions to Avoid: Avoid prolonged storage at elevated temperatures (> 38 °C).

Incompatible Materials: None

Hazardous Decomposition Products: Carbon dioxide, carbon monoxide and minor amounts of hydrogen chloride.

Conditions to Avoid (Polymerization): None

Hazardous Polymerization: None

11. Toxicological information

Information on toxicological effects

Acute toxicity: no data available

Skin corrosion/irritation: no data available

Serious eye damage/eye irritation: no data available

Respiratory or skin sensitization: no data available

Germ cell mutagenicity: no data available

Carcinogenicity

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

Reproductive toxicity: no data available

Specific target organ toxicity - single exposure: no data available

SUNVISION SWEET CO., LTD.

Chemical Park Area, Dongdu Town, Xintai City, Shandong P.R. China

Specific target organ toxicity - repeated exposure: no data available

Aspiration hazard: no data available

Additional Information

RTECS: Not available

12: Ecological information

Toxicity: no data available

Persistence and degradability: no data available

Bioaccumulative potential: no data available

Mobility in soil: no data available

Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required
/not conducted

Other adverse effects: no data available

13. Disposal considerations:

No special disposal considerations

Dispose in accordance with federal, state and local regulations.

14. Transport information:

14.1 UN number

ADR/RID: -

IMDG: -

IATA: -

14.2 UN proper shipping name

ADR/RID: Not dangerous goods

IMDG: Not dangerous goods

IATA: Not dangerous goods

14.3 Transport hazard class(es)

ADR/RID: -

IMDG: -

IATA: -

14.4 Packaging group

ADR/RID: -

IMDG: -

IATA: -

14.5 Environmental hazards

ADR/RID: no

IMDG Marine pollutant: no

IATA: no

14.6 Special precautions for user

no data available

15. Regulatory Information:

This safety data sheet complies with the requirements of Regulation (EC) No. 1907/2006.

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture: no data available

15.2 Chemical Safety Assessment: For this product a chemical safety assessment was not carried out

16. Other information:

Date of issue: Feb ,2019

MSDS Version No: 20190201
